MULTI-POLE MOUNTS

Features

- Designed to mount on 3", 4" or 6" Schedule 40 galvanized steel pipe (installer supplied)
- Supports 2 to 4 modules high in landscape orientation
- Limitless horizontal expansion
- Full range of seasonal elevation adjustability
- Fewer ground penetrations than traditional ground mounts
- Ideal for shade and carport structures
- Capable of significant ground clearance
- Utilizes under-flange module clamp for installation ease

For help with foundation recommendations and pipe sizing, please call us or e-mail info@power-fab.com. Please be ready to provide the following site-specific details: Maximum design wind speed, exposure category, soil type, steepest expected tilt angle, and above ground clearance.

MULTI-POLE MOUNT RAIL SETS (INCLUDES MODULE RAILS AND CLAMPS, RAIL-TO-PIPE BRACKETS, AND ASSOCIATED HARDWARE):
